December 10, 2019

To: All Parents/Guardians
From: Bridgeport School Nurse

Recently we have had multiple children home related to Flu like symptoms, including fever, vomiting, sore throat, cough, and diarrhea, we are asking that if your child has any of these symptoms please keep your child at home to avoid the spread of germs.

Now is the time of year that many get infections or viruses. Please remember to tell your children to wash their hands, cover their cough, disinfect door knobs, light switches, and any areas that multiple family members may be touching if someone in the family has any of these symptoms.

Thank-you,
Susan Sloan, RN
Bridgeport School Nurse

EQUAL OPPORTUNITY EMPLOYER

Keep Me Home If...

Two or more times in 24 hours.

Temperature of 100.5°F or more (taken orally).

Three or more watery or loose stools in 24 hours.

With fever or swollen glands.

Thick mucus or pus draining from the eye.

Rash with itching or fever. Open sores, especially with drainage. Lice or scabies.

Unusually tired, confused, cranky, pale or notable loss of appetite.

When your child is sick:

1. Have plans for backup child care.
2. Tell your caregiver what is wrong with your child, even if they stay home.
3. Keep your child home for 24 hours after symptoms are gone.
